

WELCOME TO SHEEPSHEAD BAY!

THE NAME "SHEEPSHEAD BAY" APPLIES TO THE NEIGHBORHOOD NORTH OF THE BAY AS WELL AS THE BAY ITSELF.

One of Brooklyn's iconic neighborhoods, Sheepshead Bay was named after the sheepshead, an edible fish found in the Bay's waters. Originally the easterly entrance to Coney Island Creek, Sheepshead Bay was mostly farmland up until the 1870s when homes, hotels and restaurants began popping up. By the 1930s it was a bustling community that showed no signs of slowing its growth. Lundy's, the legendary seafood house that opened in 1934 and operated (with a hiatus) until 2007, was reportedly the nation's largest restaurant in its heyday, seating up to 2,800 patrons.

Today, Sheepshead Bay is a dynamic community with two bustling retail strips – Sheepshead Bay Road and Emmons Avenue – and a fast-growing residential component that includes two large-scale condominium/rental developments. Each week thousands of visitors flock to Sheepshead Bay to walk along the scenic Bay (and look at our beautiful swans!), to dine at restaurants that offer a rich array of cuisines including classic American, Russian and Turkish, and to visit dozens of shops and larger stores with merchandise that appeals to the entire family. The neighborhood's public schools consistently rank among the best in the city and the borough's only community college, Kingsborough, located right across the bay in Manhattan Beach, was recently ranked one of the top four community colleges in the United States.
