

BROOKLYN HEALTHWORKS DENTAL AND VISION PLAN OPTIONS

We are pleased to offer the following dental and vision plan options to Brooklyn HealthWorks members.

- Dental plan options insured by Guardian Life Insurance Company of America
- Vision plan insured by Davis Vision

Overview of Dental and Vision Plan Options:

- Employees and dependents eligible and enrolled in Brooklyn HealthWorks are automatically eligible for dental and vision benefits.
 - Employees and dependents with non-HealthWorks coverage may also enroll in our dental and vision plan options.
- Employees may choose to enroll in one of the dental/vision plan options or opt not to enroll at all.
 - If employees choose to enroll in one of the dental/vision plan options, they must also enroll any dependents covered under Brooklyn HealthWorks.
- Members must choose between two dental plan options: Preferred or Premier.
 - The same vision plan is included with both dental options.
- Employees wanting dental and vision benefits must pick a plan at the time a group enrolls in Brooklyn HealthWorks and can only make changes (including dropping dental/vision coverage) one time per year during the group’s annual renewal period and only after the employee has been enrolled for a minimum of 12 months.
 - Employees who do not sign up at the group’s initial application will have to wait to enroll again until the group’s next medical annual renewal period. The only exception to this rule is if employees sign up within 30 days of losing a similar dental benefit.
- Employers will receive one convenient bill each month for medical, dental, and vision benefits.
- See summary of benefits and out of pocket charges for plan details.
