

Opening a Health Savings Account (HSA)

One of these Brooklyn Chamber of Commerce members can help you and your employees establish health savings accounts tied to your Brooklyn HealthWorks or other eligible high deductible health plan. Contributions made to these accounts are tax deductible and earnings grow tax-free. Penalty-free withdrawals may be made at any time to pay for qualified medical expenses, including charges applied to a medical plan's deductible. If you have questions about opening a HSA, contact a Brooklyn Chamber health insurance specialist at 718-943-3882 or one of these Chamber members.
